

# Corporate Report Writer

## Managing your Financial Reporting

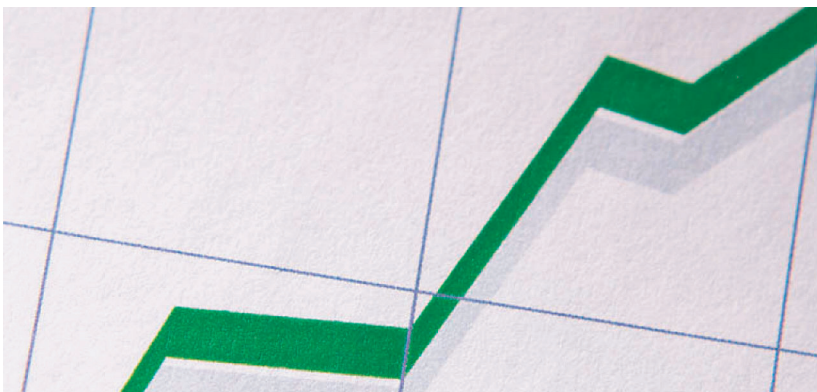

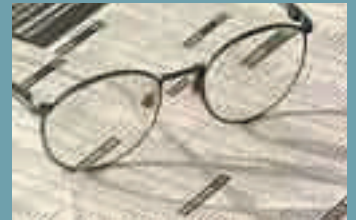

*Corporate Report Writer (CRW) produces presentation quality multi-company, multi-division financial reports at the press of a button. With CRW your financial reports can compare divisional performance in column format and include embedded graphs and images. If you spend hours manipulating and formatting monthly financial reports in Excel for board meetings, CRW is for you.*

## Features & Benefits

- Multi-Company, Multi-Divisional and Multi-Column reports
- Virtual divisions based on a mix of companies and sub-divisions may be compared with other virtual divisions in a column based report.
- Auto-subtotalling with multiple levels of nesting
- Drag and drop functionality to alter sort sequence of columns and rows
- Font and size formatting including use of conditional colour
- Vertical and Horizontal percentage output
- Embedded graphs, pictures, text and sub-reports
- Multi-Currency
- Drill down enquiry mode to account transaction level
- Use the power of Crystal Reports to enhance the supplied reports further

“If you spend hours manipulating and formatting financial reports in Excel for board meetings, CRW is for you“
